

LANGUAGES

Teaching methods we use...

- Teaching Proficiency Through Storytelling ¡Hola Niños! by Carol Gaab
- The Sube Method

Enrichment Spanish Classroom Activities...

Interactive Storytelling: Teachers engage in the target language with students by asking story related questions

Group Games: Fun and dynamic review games, in which the class as a whole supports a common goal

Reading: Spanish or Bilingual stories are selected to fit the interests of students & match their learning levels

Activity Sequences: Based of the Gouin Series Method, a daily routine or familiar activity is performed first in English, then students gradually act it out in Spanish

Songs and Rhymes: Learned completely in Spanish, the best ones contain cultural, holiday, or vocabulary themes

Mini-Crafts and Activities: Cultural projects allow teachers to create a fun, "Spanish-only" immersion atmosphere. These include review worksheets and puzzles
