

Program Teaching Methods & Curricula:

SUBE SPANISH

Teaching Proficiency Through Storytelling (TPRS)

¡Hola, Niños! by Carol Gabb

The Gouin Series Method

Classroom Spanish Activities We Love:

- Interactive Storytelling:** Teachers engage in the target language with students by asking story-related questions.
- Group Games:** These are mostly review games, in which the class as a whole supports a common goal.
- Reading:** Spanish or Bilingual stories are selected to fit the interests of students as well as match their learning levels.
- Series Work:** Students act out a familiar activity first in English, then gradually in Spanish (Gouin Series Method).
- Songs and Rhymes:** Traditional selections chosen from around the Spanish-speaking world. Most contain cultural, holiday, or various vocabulary unit themes.
- Busy Work:** Table Activities include worksheets, vocabulary puzzles, Spanish copy work, flash card review, and other brief assignments.
- Cultural Crafts:** Arts & crafts provide a fun, “Spanish-only” immersion setting in which students can apply what they learn about styles and traditions of another culture.
